ABOUT THE PROGRAM

Anyone can sponsor this unique dedication which provides a lasting remembrance that can be enjoyed by all park visitors. Park donations will give back to the community in ways no other gift can.

The placement of tree or bench donations within the park is determined in collaboration with the township. Donors will be given several locations from which to choose. For trees, the available options may be influenced by the species selected.

Trees and benches can be ordered year round but installation/planting takes place only from April through October.

THANK YOU FOR YOUR GENEROUS DONATION.

A ceremony or gathering at the time of a tree planting or bench unveiling is welcome, but it must be arranged in advanced with the Recreation Department.
