VERNON TOWNSHIP COUNCIL REGULAR MEETING August 28, 2008

The Regular Meeting of the Township Council of the Township of Vernon was convened at 7:09 p.m. in the Vernon Municipal Center, Church Street, Vernon, New Jersey. There were 25 interested persons in attendance.

STATEMENT OF COMPLIANCE

Adequate notice of this meeting has been provided to the public and the press January 2, 2008 by delivering to the press and posting at the Municipal Building a copy of the "Annual Notice of Meetings" pursuant to the provisions of the Open Public Meetings Act.

SALUTE TO THE FLAG

The Mayor led the assemblage in the salute to the flag.

ROLL CALL OF MEMBERS

The roll call of members was called and Richard Carson, Valerie Seufert, Glenn McLaughlin, and Austin Carew answered the call. Also present were Melinda Carlton, Township Manager, and Michael Witt, Township Attorney. Let it be noted that Neil Desmond notified the office that he would not be able to attend this evening's meeting.

PUBLIC COMMENTS

Tom McClachrie, Vernon Taxpayers Association. Mr. McClachrie asked for clarification concerning Resolution #08-169. Mayor Carew responded that the Township Council relies on Stuart Koenig's expertise on matters concerning COAH. Mr. McClachrie then read into the record a 2006 statement regarding property taxes and stated the Vernon Taxpayers Association is concerned with the increase in municipal debt over the last five years. He presented two petitions to the Township Council. The first petition seeks to establish an Ordinance requiring that all bond issues exceeding an annual cap of \$500,000 be put before the voters of Vernon Township for approval by binding referendum. The second petition seeks to establish an Ordinance requiring any annual budget increases of more than 2.5% over the previous year's budget also be put before the voters for approval.

Jessie Paladini, Highland Lakes. Ms. Paladini encouraged the Township Council to review the petitions presented by the Vernon Taxpayers Association and consider the adoption of the proposed Ordinances. Ms. Paladini stated she submitted several OPRA requests and is waiting to receive the records. She expressed concern that financial records are often not readily available and questioned the completeness of the records identified and compiled regarding several of her OPRA requests. Ms. Paladini noted many of the Township's boards and commissions are behind in their minutes and asked that this be corrected. Lastly, Ms. Paladini questioned the type of retaining walls installed in the Town Center.

Bill Costabile, 120 Wawayanda Road. Mr. Constabile brought to the Township Council's attention an unresolved problem regarding the catch basin and storm pipe situated on his property. Mr. Constabile agreed to allow the Township some time to investigate this matter so that a complete assessment can be made by the Engineering Department. Mr. Constabile presented his engineering drawings to the Township for review.

Gary Martinsen, Vernon. Mr. Martinsen questioned why the public is asked to keep their comments to five minutes especially in light of the fact the Council's executive sessions have been running longer than 1 hour. Mr. Martinsen commented on the New Jersey Herald article concerning state law

requiring the counties to employ all staff members and said the statement is correct; however, only 3 out of the 9 staff members are going to the county. Mr. Martinsen recited a passage from N.J.S.A. 26:3A-16 regarding the transferring of civil service employees, and alleged the township is in violation of the state statute. Township Attorney Michael Witt reported that the layoff plan was challenged by members of the UAW and on August 26, 2008 the merit system ruled in favor of the township.

Debbie Collins, Highland Lakes. Ms. Collins stated August 29, 2008 will be her last day of work at the Vernon Animal Control after eight years of service. Ms. Collins commented that fellow employees Phyllis MacPeek, Bonnie Johnson, Jack Stout and Tom Maellaro worked together as a team at the shelter and stated it is difficult to accept this layoff for economic reasons when questions go unanswered. She urged the Township Council to reconsider the decision concerning the Vernon Township Animal Control layoffs stating the Animal Shelter in 34 years operating never had volunteers.

Mary Ellen Vichiconti, 17 Nutley Avenue. Ms. Vichiconti asked for explanation of resolution #08-145 "Authorizing payment to the City of Passaic on the regional contribution agreements" which was approved at the last meeting. Ms. Vichiconti also asked for explanation of resolution #08-147 "Authorizing the Transfer of the Vernon Township Health Department Services to Sussex County." She noted an article in The Record reported on proposed shared services between two towns in Bergen County will be put on a referendum on the November ballot giving the voters of the town the opportunity to choose. Ms. Vichiconti asked why Vernon Township did not follow this same procedure.

Eva Ferrato, Highland Lakes. Ms. Ferrato asked if the township will continue with the flu and pneumonia vaccines to those who are at high risk. Mayor Carew answered that all Health Department related services will continued to be provided by the County to Vernon Township. Ms. Ferrato then questioned why the W.I.C. program was turned away. Township Manager Melinda Carlton stated those services will once again be available as of October 1, 2008 through the County. Mayor Carew noted the Township does not anticipate any loss of services.

Joe Edore, Highland Lakes. Mr. Edore commented that personnel layoffs from central services, animal control and health department would likely save the Township money and questioned where the money saved would be used. Mayor Carew informed Mr. Edore the money would go into in the general budget. Lastly, Mr. Edore informed the governing body that Breakneck Road should be stripped as it is dangerous to travel.

Harold MacPeek, Vernon. Mr. MacPeek commented that the county roads are very well maintained and asked the Township to better address the maintenance of its roads and overgrowth along guardrails.

ITEMS FOR DISCUSSION ONLY

MANAGERS REPORT

Township Manager Melinda Carlton briefly reported on New Jersey Legislation Bill #8500 regarding the new statewide 2.5% nonresidential development fee. The Township Engineer will be required to collect this fee from developers on all nonresidential projects approved in the Township at the time a Certificate of Occupancy is issued. The Township Engineer indicated his office will be implementing the collection of this state mandated development fee immediately.

Ms. Carlton reported her office received several telephone calls regarding gypsy moth infestation. She explained if a jurisdiction is interested in having a gypsy moth program for their municipality they would petition the state for an "egg mass" investigation. While the state provides the investigation at no charge

to the Township, the program would require that the Township share the cost with the state. The Township Manager recommended a field investigation be conducted and an analysis of program costs be prepared for further consideration.

The Township Engineer forwarded his report concerning storm water runoff issues raised by Vernon Township resident Bill Constabile. The Township Engineer's findings found no additional storm water runoff has been diverted onto Mr. Constable's property beyond what existed when the house was built. Mr. Constabile will be sent a letter after the Council has reviewed the report.

The Township's Engineering Office met with Steve Weinberg, a professional who assisted the Township several years ago in administering the housing rehabilitation program, to discuss reactivating this popular program for Township property owners. The Township Engineer reported the Township has approximately \$225,000 in the housing rehabilitation fund, and estimated 10 or 11 units could be rehabilitated with those funds. He noted the Township's COAH obligation calls for the rehabilitation of 31 residential units. Seven housing units were 7 were completed with 24 remaining. Mr. McLaughlin asked if local builders could be notified about this program.

The Township Manager reported her office is still negotiating with the UAW on the proposed four-day workweek. Ms. Carlton also reported that the Personnel Policy team held it first meeting earlier in the day and will continue to review the Township's personnel policies and procedures.

The Sammis/Crystal Springs Development Company received preliminary site plan approval for their hotel and sports complex and recently contacted the Township concerning its redevelopment project. The Township Manager suggested the Council wait on this project until several other pending issues are addressed and resolved concerning redevelopment.

Ms. Carlton reported that a teleconference call was held with Bob Benecke, Louis Kneip, Michael Witt, and herself to discuss the water component for the Town Center. The two options were briefly discussed. The first option would hold the developers responsible for their own water supply; the second option would be for the Township to construct and operate community wells. Under the second option, the Township would be responsible for obtaining all DEP permits. The Council questioned if developers could do a shared well, to which the Township Engineer indicated could be a possibility.

The Township Manager informed the Council that under new COAH regulations all municipalities, including Vernon Township, must file their COAH Round 3 applications with the state before December 31, 2008. The Township Engineer will be revising maps to show all properties and parcels of land protected under the Highlands Act.

The Township's Recreation Director, Pat Seger, was able to secure a \$10,000 donation in form of a scoreboard from Lakeland Bank. Ms. Carlton thanked Ms. Seger for her successful efforts.

The Historical Society requested permission to erect signage by the A&P during the month of September. Ms. Carlton asked for Council consent which was given by a unanimous voice vote.

The Township Manager advised that the Excelsior Group is requesting a time extension until October 15 on the RFQ/SOI and asked for Council consent. The time extension was approved by roll call vote: Rich Carson, yes; Valerie Seufert, abstained; Glenn McLaughlin, yes; Austin Carew, yes.

Ms. Carlton stated Wawayanda State Park expressed interest in purchasing two parcels of land near the Appalachian Trail. The property is located within the west section of Glenwood known on the Tax Map as Block 90,

Lot 1 and Block 90.14, Lot 30. The Council unanimously consented to exploring this matter further with the state.

The Township Manager reminded the Council that Vernon Township has approximately \$1.5 million in Green Acres Grant funding, which can be appropriated. The Council asked that this matter be placed on the September 11, 2008 agenda for further discussion.

The National Ovarian Cancer Coalition asked if their organization could tie teal color ribbons around trees and lampposts and be placed in public areas throughout the Township to help raise public awareness on this disease. The Coalition would remove all ribbons at the end of the month. The Township Council unanimously gave its consent.

Lastly, the Township Manager presented a revised timeline for construction of the New Town Center.

Mayor Carew questioned the Township Engineer on whether the Township is required to obtain a general agreement with SCUMA for the 40,000 gpm affluent water. Mr. Kneip, the Township Engineer, informed the Council that he met with SCUMA Representatives to discuss the requirements to obtain the advanced allocation. A draft primary sewer service area map was sent to SCUMA for review. Mr. Kneip stated United Water agreed to work along with the township to complete the DEP application. Mayor Carew asked that this matter be placed on the September 11, 2008 agenda for discussion.

Mayor Carew asked about the status of the Herold Square property. The Township Engineer reported the property is approximately 40 acres less 10 acres that was subdivided and transferred to SCUMA. SCUMA also recommended a 150 foot buffer be maintained to further protect the disposal beds from damage.

Lastly, Mayor Carew questioned the Township's progress concerning Plan Endorsement. The Township Manager reported the Township is working toward executing a shared service agreement with the County for planning services in the completion and filing of the Township's Plan Endorsement renewal application. The Township Engineer reported he forwarded the required reports and plans to the state for review in anticipation of the pre-petition meeting.

ATTORNEYS REPORT

Mr. Witt stated he has nothing to report outside of executive session.

It is the opinion of the Township Council of the Township, as the governing body thereof, that it is in the best interest of the Township that \$1,329,683.69,

constituting proceeds of bond anticipation notes of the Township heretofore issued under Ordinance Nos. 04-26 (\$375,536.64), 05-09 (\$244,874.94), 05-14 (\$360,055.95) and 06-19 (\$349,216.16) of the Township, shall be appropriated to and used to finance costs, including incidental expenses, of the improvements or purposes above described in Section 2 of this ordinance.

The capital budget or temporary capital budget of the Township is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith and the resolutions promulgated by the Local Finance Board showing all detail of the amended capital budget or temporary capital budget and capital program as approved by the Director, Division of Local Government Services, are on file with the Township Clerk and are available for public inspection.

The bond ordinance of the Township adopted on June 26, 2008 and entitled: "Bond ordinance appropriating \$1,329,683.69, and authorizing the issuance of \$1,266,500 bonds or notes of the Township, for various improvements or purposes authorized to be undertaken by the Township of Vernon, in the County of Sussex, New Jersey" (#08-12) is hereby repealed. Any moneys expended and obligations incurred pursuant to appropriation made by said bond ordinance shall be accounted and deemed to have been expended or incurred pursuant to this ordinance.

This ordinance shall take effect after final passage as provided by law.

Ordinance #08-17 was read by title only. A motion was made by Glenn McLaughlin to introduce the Ordinance #08-17 on first reading and so advertise with second reading and final adoption on September 11, 2008, and the motion was seconded by Richard Carson.

A roll call vote was taken. Richard Carson, yes; Valerie Seufert, yes; Glenn McLaughlin, yes; Austin Carew, yes. Motion carried.

Mayor Carew stated for the record the Township is not financing new bond funding. Funds have been aggregated from old bond ordinances that were closed out from other capital projects.

ORDINANCE #08-19: AN ORDINANCE CREATING THE TOWNSHIP OF VERNON MUNICIPAL LAND USE BOARD

WHEREAS, the Township of Vernon currently has a separate Planning Board and a separate Zoning Board of Adjustment, pursuant to Township Code Chapter 5, Article XXVI, § 5-111 and §5-112, respectively; and

WHEREAS, Article III, §330-7 provides that the Township of Vernon Planning Board shall have nine members; and

WHEREAS, pursuant to N.J.S.A. 40:55D-25(c)(2), any municipality which has a nine-member planning board may, subject to voter referendum, grant authority to such planning board to exercise, to the same extent and with the same restrictions, all the powers of a board of adjustment, provided that the Class I and Class III members of the planning board shall not participate in applications for development which involve relief pursuant to subsection d. of N.J.S.A. 40:55D-70; and

WHEREAS, in an effort to improve government efficiency and reduce costs to Vernon taxpayers, the Township Council desires that the Township of Vernon Planning Board shall exercise all those powers currently exercised by the Township of Vernon Zoning Board of Adjustment, subject to voter referendum as provided for pursuant to N.J.S.A. 40:55D-25(c)(2).
